In order to protect our waterways and storm drains, leaf cleanup will begin mid-October and continue until mid-November, as weather permits. The intent is to pick up leaves from parkstrips and city trees only. Please rake leaves into the parkstrip. Do not rake leaves into the gutters or onto sidewalks. Avoid blocking access to leaf piles while parking. Some parts of Logan require multiple visits. Areas without street trees will continue to be swept, but leaf pickup services may be limited. Bagged leaves are easier to manage if a windstorm hits or we receive precipitation. Place bags on your park strip, avoiding gutters. Bags may be picked up after the majority of loose leaves are cleared. Curbside green waste containers may also be used to dispose of leaves, and leaves are accepted at the Landfill Green Waste area. In order to protect our waterways and storm drains, leaf cleanup will begin mid-October and continue until mid-November, as weather permits. The intent is to pick up leaves from parkstrips and city trees only. Please rake leaves into the parkstrip. Do not rake leaves into the gutters or onto sidewalks. Avoid blocking access to leaf piles while parking. Some parts of Logan require multiple visits. Areas without street trees will continue to be swept, but leaf pickup services may be limited. Bagged leaves are easier to manage if a windstorm hits or we receive precipitation. Place bags on your park strip, avoiding gutters. Bags may be picked up after the majority of loose leaves are cleared. Curbside green waste containers may also be used to dispose of leaves, and leaves are accepted at the Landfill Green Waste area. In order to protect our waterways and storm drains, leaf cleanup will begin mid-October and continue until mid-November, as weather permits. The intent is to pick up leaves from parkstrips and city trees only. Please rake leaves into the parkstrip. Do not rake leaves into the gutters or onto sidewalks. Avoid blocking access to leaf piles while parking. Some parts of Logan require multiple visits. Areas without street trees will continue to be swept, but leaf pickup services may be limited. Bagged leaves are easier to manage if a windstorm hits or we receive precipitation. Place bags on your park strip, avoiding gutters. Bags may be picked up after the majority of loose leaves are cleared. Curbside green waste containers may also be used to dispose of leaves, and leaves are accepted at the Landfill Green Waste area. In order to protect our waterways and storm drains, leaf cleanup will begin mid-October and continue until mid-November, as weather permits. The intent is to pick up leaves from parkstrips and city trees only. Please rake leaves into the parkstrip. Do not rake leaves into the gutters or onto sidewalks. Avoid blocking access to leaf piles while parking. Some parts of Logan require multiple visits. Areas without street trees will continue to be swept, but leaf pickup services may be limited. Bagged leaves are easier to manage if a windstorm hits or we receive precipitation. Place bags on your park strip, avoiding gutters. Bags may be picked up after the majority of loose leaves are cleared. Curbside green waste containers may also be used to dispose of leaves, and leaves are accepted at the Landfill Green Waste area.
